Important Notice

It has come to our attention that when a forestry right is registered over forest in the ETS, that the ETS participation for those stands within the forestry right boundary will automatically transfer to the new forestry right holder.

This is covered by S192 of the Climate Change Response Act and quite contrary to many people's understanding.

The implications for both the forestry right holder (who has inherited any obligations for credits issued and the ongoing ETS participation) and those for the land owners who believe they are still in the ETS are potentially immense.

Should you believe you might be affected by this, we highly
