Please contact me regarding:

- Post 1989 – Emissions Trading Scheme (ETS) registration
- NZ Emissions Trading Register (NZETR) account opening/update
- Change of forest ownership/succession advice. **Your accountant/lawyer may not have specialist knowledge of the ETS and your carbon obligations, so please discuss with us prior to confirming a plan**
- Loading and holding your forest records on our centralised forest stand record and mapping system
- Forest operations e.g. planting, spraying, pruning, thinning
- Forest valuation
- Additional areas to be registered into the ETS e.g. new planting, indigenous reversion
- Mānuka on your property assessed for commercial opportunity
- Insurance – trees and/or carbon
- Fire plan
- Pre 1990 forest that has been deforested and the land use changed (there may be MPI notification and surrender requirements)
- Selling your forest. (There is strong market interest in >100 Ha blocks of all ages/regimes and >50 Ha well-tended clearwood stands).
- Carbon credit purchase/sale
